

# Toei Shinyaku Co., Ltd

1-11-23 Shimorenjaku, Mitaka, Tokyo, 181-0013, Japan

*April 2, 2025*

To whom it may concern,

## Announcement of Manufacturer and Packaging Design Changes

We, Toei Shinyaku Co., Ltd., would like to officially inform you of the following changes regarding the manufacturing and packaging of our product - Kingagaricus 100 (or King Agaricus 100):

### 1. CHANGE OF MANUFACTURER:

**Previous Manufacturer:** JPS Pharmaceutical Co., Ltd - Tochigi Factory at the address: 196-1 Hagadai, Hagamachi, Hagagun, Tochigi Prefecture, Japan

**New Manufacturer:** Umeken Co., Ltd - Toyama Factory at the address: 532-1 Itakura, Fuchu-machi, Toyama City, Toyama Prefecture, Japan.

Umeken Co., Ltd. is a GMP-certified factory with Halal certification. This change not only helps us ensure the continuation of the production but also accommodate orders from Islamic countries.

### 2. CHANGE IN PACKAGING DESIGN

Along with the manufacturer transition, we have updated our product packing design to enhance brand identity.

The new package will be applied to all King Agaricus 100 products manufactured from April 1, 2025 onward.

As there is still remaining inventory of King Agaricus 100 products with the previous packaging design, you may see both the old and new

designs of King Agaricus 100 on the market for a period of time.

We would like to assure you that, despite the changes in manufacturer and packaging design, the quality, specifications, and dosage of our product remain unchanged.

We sincerely appreciate your continued support and understanding. Should you have any questions or require further information, please do not hesitate to contact us.

Sincerely,

Toei Shinyaku Co., Ltd

  
AKITOMO MOTOI  
PRESIDENT

## OLD PACKAGE DESIGN

## NEW PACKAGE DESIGN

Picture

Outer package

Inner sachet

“For this product's inner sachet, batches manufactured between April and October 2025 will use a new design: a three-side sealed, plain silver aluminum pouch without any logo. Starting from batches produced in mid-October 2025, the packaging will remain three-side sealed but will return to the original design with the product logo.”

(9) Please keep your good balance in your daily diet.

(10) Dietary supplement  
MADE IN JAPAN

The changes are numberly marked and details of changes are below:

#### Outer package

1. We are revising the wording because Japanese authorities have asked us to remove expressions such as " without any pesticide ", "Dried Agaricus" and " No artificial additives are used in the entire production process."

The reason the authorities made such a request is that, although no pesticides or additives were found in the final product, the control of these factors during cultivation and processing does not fall under their responsibilities

\* We ensure that the product contains no pesticide, and that no artificial additives are used in the entire production process.

Old:

"King Agaricus100" is made of 100% natural Agaricus (*Agaricus blazei* KA21 strain) cultivated outdoor surrounded by beautiful wild nature in Brazil without any pesticide. Dried Agaricus is imported from Brazil, and its finished product is manufactured at Japanese factory. No artificial additives are used

in the entire production process.

New:

“King Agaricus100” is made of 100% natural Agaricus (*Agaricus blazei* KA21 strain) cultivated outdoor surrounded by beautiful wild nature in Brazil. Raw material is imported from Brazil, and its finished product is manufactured at Japanese factory.

3. We change the factory from JPS Pharmaceutical Co., Ltd. to Umeken Co., Ltd.

Old: JPS Pharmaceutical Co., Ltd.

196-1, Hagadai, Hagacho, Hagagun, Tochigi Prefecture

New: Umeken Co.,Ltd.

532-1, Fuchu-machi Itakura, Toyama, Japan

15. The KA21 logo has been moved to the front side of the product.

16. The award logo for the NutraIngredients Asia Award 2020 – Product of the Year: Botanical has been included.

17. Halal certificate. The Halal certification mark related to Islam is currently attached as a sticker and will be printed on the package in the future.

## INNER SACHETS

Old

New between April and October 2025

The packaging has been changed from one with the King Agaricus 100 logo to a plain aluminum pouch. The expiration date is printed as “K2027.02/A”.

The meaning of the lot code is as follows:

- K = King Agaricus 100
- 2027.02 = Expiration date (February 2027)
- /A = Production lot within the same month
  - A = 1st production
  - B = 2nd production
  - C = 3rd production

New from batches produced in mid-October 2025

The lot number and Expiry date will remain printed on the back side as before.

*“For this product's inner sachet, batches manufactured between April and October 2025 will use a new design: a three-side sealed, plain silver aluminum pouch without any logo. Starting from batches produced in mid-October 2025, the packaging will remain three-side sealed but will return to the original design with the product logo.”*
